

[September 14, 2007]

Dear [Mr Naimon],

We are delighted that Light Green Advisors has formally adopted the Principles for Responsible Investment.

We have added your organisation to the signatory list on the PRI website.

<http://www.unpri.org/signatories>

We are asking investment managers and service partners to provide a dedicated PRI web page where they outline the services they provide that relate to the PRI. This will become a central resource for other signatories to use when looking for services to help them fulfill their obligations under the Principles.

As a signatory, you are welcome to use the PRI logo on your website or in your annual report. The logo can be found at

<http://www.unpri.org/logo/>

We will be in touch shortly with further updates on the PRI.

Thank you for your support, and we look forward to working with you into the future.

Kind regards,

--

Jerome Tagger

Project Manager

Principles for Responsible Investment
